

27th Annual
National Emergency Medical Services
Memorial Service

May 18, 2019

**Gaylord National Resort & Convention Center
at National Harbor
Oxon Hill, Maryland**

About the National EMS Weekend of Honor

The Weekend of Honor is organized and hosted by the following non-profit organizations:

- National EMS Memorial Bike Ride-whose mission is to honor EMS personnel by organizing and implementing long distance cycling events that memorialize and celebrate the lives of those who serve everyday, those who have become sick or injured while performing their duties, and those who have died in the line of duty.
- National EMS Memorial Foundation-whose mission is to create a permanent EMS memorial in our Nation's capital. After passing through the House & the Senate by unanimous consent, H.R. 1037 and S. 1692 were signed into law by the President of the United States on Saturday November 3, 2018, becoming public law 115-275. This new law allows the National EMS Memorial Foundation to establish a permanent memorial to the Nation's EMS providers on Federal lands in the District of Columbia.
- National EMS Memorial Service-whose mission is to honor those in EMS who have died in the line of duty and made the Ultimate Sacrifice and who are congressionally sanctioned to conduct the annual service.

While there are permanent memorials and solid funding streams for both police and fire, currently there is no permanent memorial for EMS. The EMS organizations above operate solely on donations.

About the Service

The purpose of the National EMS Memorial Service is to honor and remember those Emergency Medical Services personnel who have given their lives in the line-of-duty and to recognize the Ultimate Sacrifice they have made for their fellow human beings.

Never Forgotten

Honorees for the annual service typically died in the calendar year preceding the service year. Some honorees' deaths occurred prior to this but were only recently classified as occurring in the line-of-duty, or only recently brought to the attention of the National EMS Memorial Service, and therefore, are now being honored.

During the service, a family member or agency representative will be presented with a United States flag, which has flown over the United States Capitol, on behalf of a grateful nation and denoting the honoree's service to their country; a white rose representing their undying love and a medallion signifying their eternal memory are also presented. Each person being recognized tonight is also represented by his or her state flag.

After the reading of the Honorees' names, there will be a National Moment of Silence. The names of those who are honored today appear on the newly minted 2019 "Tree of Life," the temporary National EMS Memorial.
